

Polaris180

For all in-ground pools. Works with a booster pump.

For those who've figured out it's more fun to swim in a pool than clean it.

The original single-jet Polaris. Powered by a separate booster pump, the Polaris Vac-Sweep® 180 is suitable for all in-ground pools.

features

- Vacuums, sweeps and scrubs the bottom, walls and steps of any size pool in 3 hours or less.
- Large bottom opening picks up large debris like leaves, acorns and pebbles.
- Runs off a separate booster pump, working independently from the rest of your pool system.
- Unique filter bag removes debris before it reaches your pump basket or filter, prolonging the life of your filtration system
